EDUCATION

City University of New York, Hunter College

Master of Science in Applied Social Research

Bachelor of Arts in American Studies

May 2018 **Columbia University, Columbia College**

New York, NY

New York, NY

May 2006

EXPERIENCE

Council of State Governments Justice Center

Deputy Program Director, Data Science, Research Division

Project Manager, Data Science, Research Division

New York, NY

July 2024 – present

July 2022 – June 2024

- Lead development of online courses and learning communities for analysts at state corrections agencies as part of the Advancing Data in Corrections program
- Facilitate criminal justice agency data sharing through the Justice Counts initiative by managing technical relationships with agency staff, leading metric development, and collaborating with Recidiviz on development of a data publishing platform
- Mentor early career data scientists by conducting code reviews, hosting drop-in office hours, and developing internal documentation and guidance
- Supervise two data scientists and oversee their work product and professional development

Data Scientist, Research Division

July 2021 – June 2022

- Gathered and cleaned criminal justice data from state corrections agencies and public sources
- Analyzed and modeled data to generate insights using the R programming language
- Built interactive and static data visualizations to communicate results of quantitative analyses

NYC Administration for Children's Services

Deputy Director, ChildStat Data

Senior Analyst, ChildStat Data

New York, NY

March 2020 – July 2021

January 2019 – March 2020

- Generated outcome measures and performance indicators for child welfare casework from administrative databases
- Developed an automated and reproducible workflow using R and SQL to query databases, aggregate and summarize metrics, and create HTML and PDF dashboards, reports, and presentations
- Collaborated with managers of frontline child protection staff to interpret data in order to create actionable quality improvement plans and assess the impact of these plans
- Supervised two analysts and oversaw their work product and professional development

Center for Innovation through Data Intelligence, Office of the Mayor

Research Intern

New York, NY

June 2017 – May 2018

- Developed predictive model to identify individuals at risk of becoming homeless using natural language processing and machine learning tools
- Matched individual-level data across multiple NYC administrative databases

StoryCorps

Door-to-Door Facilitator

Development Associate

Brooklyn, NY

Nov 2008 – Sept 2011

May 2007 – Nov 2008

- Helped people record the stories of their lives for one of the largest American oral history projects
- Collected, processed, and archived interview materials to be cataloged by the Library of Congress
- Prepared grant proposals and reports for foundation and government funders

OPEN SOURCE CONTRIBUTIONS

- Co-author of **tidycensus** R package, making it easy to download US Census and American Community Survey data using the Census web API
- Creator of **nycgeo** R package, containing spatial data files for geographic and administrative boundaries in NYC
- Creator of **Covid-19 tracking site for Westchester County**, including maps, charts, and tables highlighting cases, testing, and fatality trends by county; per capita case counts and trends at the municipal-level; racial disparities in Covid-19 deaths and cases; cases in schools and nursing homes; and hospital capacity

SKILLS AND TOOLS

Data wrangling, aggregation, and modeling with R and SQL; Visualization and communication with ggplot2, Quarto, and Plotly; Mapping with Leaflet, Mapbox, and ArcGIS; Collaboration with Git and GitHub
